# PROTECT *YOUR VEHICLE*

## YOUR VEHICLE

has to battle the wear and tear of our harsh Canadian climate. Strong UV rays, extreme heat or cold, snow and ice, rain or humidity, road salt and pollutants can harm your car's beauty and its functions.

Platinum Shield Protection will defend your vehicle against harsh conditions.

# PLATINUM SHIELD UNDERCOAT *PROTECTION*

## CANADIAN ROADS

test your vehicle's undercarriage with potholes, puddles, gravel, and ice. Don't let it go unprotected. Platinum Shield Undercoat Protection is specially formulated for the exposed high impact areas on the under bodies of your vehicle. It seals out moisture and protects the undercarriage components from road debris while providing insulation from extreme Canadian temperatures.

**PLATINUM SHIELD**  
PROTECTION 

# RUST PROTECTION

## IF IT'S LEFT UNCHECKED,

rust can immensely affect how your vehicle looks, and could even shorten its overall lifespan. Vehicles have many hard-to-reach crevices where dirt and grime love to collect - creating the ideal environment for rust to thrive.

## PLATINUM SHIELD

### Corrosion Control Module

An environmentally friendly way to protect your entire vehicle body using the latest technology. A microprocessor generates a harmless radio frequency that travels across the entire surface of the vehicle on both sides of the sheet metal. From floorboards to above the window line, protecting extra areas most conventional products can't reach, like the roof, inside seams, and external sheet metal.

**Guarantees against rust perforation that occurs from the inside out.**

Scientific studies show a reduction in the corrosion rate by up to

# 99.7%

## PLATINUM SHIELD

### Rust Inhibitor Spray Protection

This synthetic and waterproof product seals the vehicle's inner body metal surfaces, stopping rust from the inside out. It's sprayed into the inner cavities and crevices, bonding to the metal. This means no dripping or run off. The high pressure spray is applied between the exterior and interior panels, ensuring that all accessible inner body panels are treated without needing to drill any holes.

**Guarantees against rust perforation that occurs from the inside out.**

## UPGRADE

Environmental Surface Rust

# GUARANTEE

Upgrade to the Environmental Surface Rust - It guarantees against surface rust formation.

# INTERIOR PROTECTION

## GUARD AGAINST

the daily mishaps from coffee spills to snack fiascos. Expect the unexpected and shield your vehicle's interior from life's little adventures.

## PLATINUM SHIELD

### Fabric Protection

Block unwanted spills from soaking into your seats. Fend off dirt, grime and all things in-between. Platinum Shield Fabric Protection is an invisible barrier that ensures easy clean-up of spills to avoid permanent staining. Penetrating each individual fibre to repel moisture and dirt, the treated fabric remains open and breathes, with no irregular texture, off color change or odor left behind.

#### Guarantees against seat stains due to spills

## PLATINUM SHIELD

### Leather/Vinyl Protection

Stop your seats from cracking, fading, and withering away. Platinum Shield's Leather and Vinyl Protection conditions the interior leather/vinyl, creating a barrier that locks in the essential oils and pigments. It coats the area in an ultraviolet sunscreen while still allowing the material to breathe. A dashboard coated in its treatment receives a flat satin finish that eliminates glare and reduces dust.

#### Guarantees against cracking and hardening

## UPGRADE

Environmental Interior Protection

## GUARANTEE

An upgrade to either the Fabric or Leather / Vinyl Protection option. It guarantees any interior surface - except floor mats - from accidental stains due to spills.

## UPGRADE

Rip, Tear, or Burn

## GUARANTEE

An upgrade that guarantees you against perforation due to accidental rips, tears, or burns. It requires either the Fabric or Leather / Vinyl Protection.

# PAINT PROTECTION

## PAINT INEVITABLY FADES

under the sun's powerful ultraviolet rays. Combine this with dirt, pollutants, road salts, and moisture, and you're faced with the perfect mix for a dulled finish.

## PLATINUM SHIELD

### Paint Protection

The long-lasting product enhances the paint's clear coating. It bonds to the surface, completely sealing the paint away and protecting the paint from road salts, acid rain, tree sap, bird droppings, bugs, and the sun's harsh rays. You're left with a smooth and durable finish that protects your vehicle against the harsh Canadian environment. No need to wax!

**Guarantees against excessive discoloration, fading, or oxidation caused by the sun and road salt.**
